

STAGE POINT MASTER, LLC

PRIVATE PLACEMENT MEMORANDUM

Fixed-Rate Secured Promissory Notes
Offered Pursuant to Regulation D, Rule 506(c)
Securities Act of 1933, as Amended

June 2026

Stage Point Capital, LLC
12 East 49th Street, Suite 1808 | New York, NY 10017
(401) 227-5775 | StagePointCapital.com

THIS DOCUMENT IS CONFIDENTIAL AND INTENDED SOLELY FOR ACCREDITED INVESTORS AS DEFINED UNDER THE SECURITIES ACT OF 1933.

IMPORTANT NOTICE TO PROSPECTIVE INVESTORS

This Private Placement Memorandum (this "Memorandum") is being furnished by Stage Point Master, LLC ("SPM" or the "Issuer") on a confidential basis to prospective accredited investors in connection with the private placement of Secured Promissory Notes (the "Notes"). This Memorandum is intended solely for use by the person to whom it has been delivered for the purpose of evaluating a possible investment in the Notes described herein.

This offering is being made in reliance upon the exemption from registration provided by Rule 506(c) of Regulation D promulgated under the Securities Act of 1933, as amended (the "Securities Act"). Accordingly, the Notes have not been registered under the Securities Act or the securities laws of any state and are being offered and sold only to verified Accredited Investors (as defined in Rule 501(a) of Regulation D). The Notes may not be resold or transferred unless they are subsequently registered under the Securities Act or an exemption from registration is available.

Under Rule 506(c), the Issuer is permitted to engage in general solicitation and advertising. However, all actual sales of Notes may only be made to investors who have been verified as Accredited Investors through reasonable steps, as described herein.

This Memorandum contains forward-looking statements based on current expectations and assumptions. Actual results may differ materially from those anticipated. Past performance is not necessarily indicative of future results. All investments involve risk, including the possible loss of principal.

I. EXECUTIVE SUMMARY

Stage Point Master, LLC ("SPM" or the "Issuer") is offering secured promissory notes (the "Notes") to verified Accredited Investors pursuant to Rule 506(c) of Regulation D under the Securities Act of 1933. The Notes are secured by SPM's equity interest in Stage Point Fund, LLC ("SPF"), the operating entity that holds a diversified portfolio consisting primarily of first lien residential mortgage loans and real property which had previously served as collateral for SPF's loans and was substituted for the loans due to foreclosure or deed in lieu of foreclosure [such property commonly referred to as Real Estate Owned ("REO") on the books of the lender].

Key Offering Highlights

Feature	Detail
Issuer	Stage Point Master, LLC
Note Yields	6.00% (3-Month) to 10.00% (5-Year), compounded monthly. See Section IV and Exhibit A for the full rate schedule.
Security	First lien on SPM's equity in SPF (the loan portfolio)
Distributions	Quarterly cash or reinvested for compounding
Minimum Investment	\$200,000 per natural person; \$1,000,000 per entity
Eligible Investors	Verified Accredited Investors (Rule 506(c))
Tax Reporting	Simple 1099-INT (no K-1)
Offering Period	Evergreen / Ongoing — no set closing date
Maturity Extension	Notes automatically extend for successive terms unless the holder gives 60 days' advance written notice. See Section IV.
Investment Manager	Stage Point Capital, LLC (SEC Exempt Reporting Adviser)

Investment Thesis

Stage Point Capital has operated Stage Point Fund since 2013, originating approximately \$205 million across approximately 757 short-duration, first lien residential rehab loans. The Fund's average annual return on equity has been approximately 12.66% over 12 years of operation. Full financial statements for SPM (2024–2025) and SPF (2023–2025) are included as Exhibit D and Exhibit E, respectively, to this Memorandum.

The contractual rate on SPF's performing loans is approximately 16.5%, and SPF's gross contractual yield including origination fees, default interest, and payoff fees exceeds 18% per annum. Prospective investors should understand that the contractual rate is not the yield the Fund actually realizes. In 2025, SPF's total income of \$7,177,002 against average total assets of approximately \$53 million produced a realized gross yield of approximately 13.5%. The difference between the contractual and realized figures is attributable to loans in default or workout status on which contractual interest is not currently being collected, REO properties that produce no interest income while held, and loans repaid or resolved at less than their contractual return. Investors should evaluate the coverage of the Notes against the realized yield rather than the contractual rate. See Section III and Section VII.

The Notes represent a debt obligation of SPM, not an equity interest. Every dollar loaned to SPM is transferred directly into SPF, the operating entity that holds the mortgage loan portfolio. Investors benefit from predictable, fixed-rate income, simple tax reporting, and downside protection through the portfolio's first lien mortgage security, 70% loan-to-value underwriting, and SPM's equity cushion.

II. THE ISSUER — STAGE POINT MASTER, LLC

A. Overview

Stage Point Master, LLC ("SPM" or the "Issuer") is a Delaware limited liability company formed as a bankruptcy-remote special purpose vehicle ("SPV") and feeder fund. SPM sits at the center of a three-tier ownership and management structure in which: (i) Stage Point Capital, LLC ("SPC") is the sole owner and managing member of SPM; (ii) SPM is in turn the sole owner of Stage Point Fund, LLC ("SPF"), the operating entity; and (iii) SPC simultaneously serves as managing member and investment manager of SPF. Note investors lend money to SPM, and SPM deploys 100% of those proceeds into SPF, which in turn originates and holds the first lien residential mortgage loan portfolio that serves as the economic engine supporting repayment of the Notes.

The organizational chart set forth in Exhibit C illustrates both SPM's ownership and management structure and the capital structure of the enterprise.

B. Stage Point Capital, LLC — The Manager

Stage Point Capital, LLC ("SPC") is a private loan portfolio developer and real estate investment manager founded by Whitney Quillen on behalf of the Quillen Family Office and two other institutional investors in 2013. SPC is registered as an SEC Exempt Reporting Adviser and serves as the sole owner and managing member of both SPM (the Issuer) and SPF (the operating entity). SPC exercises ultimate control over the investment strategy, day-to-day operations, lending decisions, portfolio management, and investor relations of both entities.

As managing member of SPM, SPC's specific responsibilities include:

- **Note Issuance Authority:** SPC has sole authority to approve, execute, and issue Notes to prospective investors on behalf of SPM, subject to the minimum investment thresholds described in Section IX.
- **Capital Deployment:** SPC directs and delivers the entirety of the Note proceeds from SPM into SPF, primarily for deployment into the mortgage loan portfolio as first lien mortgages secured by mixed-use and residential real property.
- **Investor Relations & Reporting:** SPC manages all communications with SPM Note holders, distributes quarterly interest payments, and coordinates with Formidium (Transfer Agent/Administrator) on investor recordkeeping and 1099-INT tax reporting.
- **SPF Oversight:** SPC simultaneously manages SPF's loan origination, underwriting, borrower relationships, loan servicing, construction draw disbursements, default workouts, REO management, and disposition activities.
- **Compensation:** SPC earns no management fee at the SPM level. SPC's sole compensation is a management fee charged at the SPF level, calculated at 25 basis points per quarter on SPF's total assets measured at the beginning of each quarter (approximately 1.0% per annum), as more fully described in Section XIII of this Memorandum.

C. Stage Point Master, LLC — The Special Purpose Vehicle Issuer

SPM is a Delaware limited liability company formed exclusively as a special purpose vehicle ("SPV"), also commonly referred to as a feeder fund. SPM has no independent business operations, employees, or assets other than its 100% equity ownership interest in SPF. SPM was not formed for the purpose of acquiring any specific security; rather, it was established in 2024 as an investment vehicle to provide a tax-efficient interface between lenders and SPF's mortgage

loan portfolio, obviating the need for Note investors to endure various state tax withholding obligations and the filing of complex K-1 tax forms (at both the state and federal level) which would otherwise be triggered by the "flow-through" tax treatment of direct equity ownership in SPF.

Formation and Purpose

SPM was established at the request of SPF's approximately 70 original equity investors, who elected to convert their SPF equity interests into secured debt positions. This restructuring was motivated by three principal objectives: (i) to provide existing and future investors with a predictable, fixed-rate debt return rather than a variable equity return; (ii) to simplify investor tax reporting from complex K-1 partnership filings to straightforward 1099-INT interest income reporting; and (iii) to create a cleaner legal separation between the note-issuing function (SPM) and the mortgage lending operations (SPF), with SPM's equity in SPF pledged as collateral security for the Notes.

SPV Structure and Bankruptcy Remoteness

As a special purpose vehicle, SPM is intentionally structured to limit its activities to: (i) issuing Secured Promissory Notes to accredited investors; (ii) holding its equity interest in SPF as its sole asset; and (iii) receiving distributions of SPF's net profits for redistribution to Note holders as interest payments. SPM does not originate loans, hold real property, employ staff, incur trade payables, or engage in any other business activity.

Prospective investors should Note that SPM is not a fully bankruptcy-remote vehicle in the legal sense used in structured finance transactions. SPM is wholly owned and controlled by SPC, shares management personnel with SPF, and has not obtained a legal opinion regarding non-consolidation. In the event of SPC's insolvency, a bankruptcy court could potentially consolidate SPM's assets with those of SPC. This risk is disclosed as a material structural risk in Section VIII of this Memorandum.

SPM as Sole Owner of SPF

SPM's single asset is its 100% membership interest, i.e., the equity, in Stage Point Fund, LLC. This equity interest is pledged as collateral security for the Notes pursuant to the Membership Interest Pledge Agreement (the "Pledge Agreement") attached as Exhibit B. In the event of a payment default by SPM, Note holders would have recourse to SPM's equity in SPF as per the terms of the Notes & Pledge Agreement.

See Exhibit D for full SPM financial statements.

D. Stage Point Fund, LLC — The Operating Entity

Stage Point Fund, LLC ("SPF") is a Delaware limited liability company and the operating entity of the Stage Point Capital enterprise. SPF was formed in 2014 and has been operating as a private residential mortgage lender since its inception. SPF is 100% owned by SPM, and SPC serves as its managing member and investment manager.

Business Operations

SPF's sole business is originating, holding, managing, and liquidating a portfolio of short-duration, first lien residential mortgage loans secured by single and multi-family workforce housing undergoing renovation by fix-and-flip entrepreneurs. SPF does not generally syndicate loans, sell loans into secondary markets, or take equity positions in borrower projects. All loans are held on SPF's balance sheet from origination through payoff, default resolution, or REO disposition. As of December 31, 2025, SPF's total assets are \$49,804,890.77, with equity of \$32,807,886.17 and total liabilities of \$16,997,004.60 (34.1% debt-to-assets). See Exhibit E for full SPF financial statements.

SPF as Collateral for SPM Notes and the Profit Distribution Mechanism

Because SPM's sole asset is its equity in SPF, the economic performance of SPF is the direct and proximate determinant of SPM's ability to service its Note obligations. SPF's income (from loan interest, origination fees, default interest, and payoff fees) provides the stream from which: (i) SPC's management fee is paid; (ii) SPF's institutional credit line interest is serviced; (iii) SPF's operating expenses are covered; and (iv) the residual profit is distributed upward to SPM to fund quarterly interest payments to Note investors. As noted in Section I and discussed further in Section III, the Fund's realized gross yield of approximately 13.5% in 2025 is materially below its contractual yield of more than 18%, and investors should assess coverage against the realized figure. In 2024, SPF distributed \$3,550,411.46 to SPM, covering \$3,203,025.79 in Note interest paid (surplus of \$347,385.67). In 2025, SPF distributed \$6,281,281.55 to SPM, covering \$3,007,318.11 in Note interest paid (surplus of \$3,273,963.44).

Institutional Credit Lenders

In addition to SPM-contributed capital, SPF borrows from two institutional credit lenders: (i) Variant Alternative Income Fund (Nasdaq: NICHX) — \$11,035,500 outstanding as of December 31, 2025; and (ii) Customers Bank (NYSE: CUBI) — \$7,061,262.25 outstanding as of December 31, 2025. Total institutional borrowings are \$18,096,762.25, representing approximately 36.3% of SPF's total assets. Fund leverage is capped at 1:1 (50% Debt-to-Assets). These institutional lenders are senior secured creditors of SPF and their claims rank ahead of SPM's equity interest in any SPF liquidation scenario.

E. Capital Structure Overview

Balance Sheet Item	Amount (as of Dec. 31, 2025)
SPM Equity in SPF (Assets)	\$25,431,838.50
SPM Total Notes Outstanding	\$30,980,697.78
SPM Net Equity	(\$5,547,561.90) — see Note Below
SPF Total Assets	\$49,804,890.77
SPF Equity (incl. SPM equity interest)	\$32,807,886.17
SPF Institutional Debt (Variant + Customers Bank)	\$18,096,762.25 (~36.3% of SPF assets)
SPC Principals & Family Co-Investment in SPM Notes	\$5,284,181.76 (17.27% of total debt)

Note: SPM's negative book equity reflects its accounting structure as a pass-through SPV. SPM records interest paid to Note holders as an expense but books SPF distributions as equity adjustments rather than income. This creates a book deficit that does not reflect SPM's actual economic position. As demonstrated in Exhibit D and discussed in Section VII, SPF distributions have consistently exceeded SPM's Note interest obligations. See Section VII for full explanation.

F. Three-Tier Ownership and Management Summary

Entity	Role	Owner	Manager
Stage Point Capital, LLC	Investment Manager; Sole Owner of SPM & SPF	Whitney Quillen & principals	Whitney Quillen (CEO) & G. Clayton Rice (V.P.)
Stage Point Master, LLC	Note Issuer; SPV; Sole Owner of SPF	100% owned by SPC	SPC (Managing Member)
Stage Point Fund, LLC	Operating Entity; Mortgage Lender; Collateral for SPM Notes	100% owned by SPM	SPC (Managing Member)

III. INVESTMENT STRATEGY & MARKET OPPORTUNITY

Investment Strategy

Stage Point Fund, LLC ("SPF") is a private real estate lender that finances the purchase and improvement of single and multi-family workforce housing for third-party fix-and-flip investors. SPF originates short-duration, first lien mortgage loans secured by residential real estate, generating income from interest, origination fees, default interest, and payoff fees.

Loan Portfolio Characteristics

Characteristic	Detail
Portfolio Size	~80 active loans; ~\$50M AUM (incl. ~18 REO properties)
Average Loan Face Value	~\$500,000 (target range: \$100,000–\$1,000,000)
Average Loan Rate	16.5% contractual (12.3% interest + 4.2% origination fee)
Gross Contractual Fund Yield	>18% (including fees, default interest, payoff fees), measured on performing loans at contractual rates
Realized Gross Fund Yield (2025)	~13.5% (total income of \$7,177,002 on average total assets of ~\$53M)
Loan Term	12 months (high liquidity, low interest rate risk)
Security Type	First lien mortgage (~98% of loans)
Average Loan-to-Value	~70% based on Property As-Complete Value
Repeat Borrowers	Over 80% of loans to repeat borrowers
Total Originations Since Inception	~\$205 million across ~757 loans

Contractual Yield Compared to Realized Yield

The contractual rate on a performing SPF loan is approximately 16.5%, and the Fund's gross contractual yield, taking into account origination fees, default interest, and payoff fees, exceeds 18% per annum. That figure describes the rate at which loans are written. It is not the rate the Fund realizes across the portfolio as a whole.

SPF's realized gross yield in 2025 was approximately 13.5%, calculated as total income of \$7,177,002 against average total assets of approximately \$53 million for the year. The gap between the contractual and realized figures arises from several factors: loans in default or workout status on which contractual interest continues to accrue but is not being collected; REO properties, which produce no interest income during the holding period and which represented 12% of SPF's total assets at December 31, 2025; and loans resolved at less than their full contractual return. Prospective investors should assess the Fund's capacity to service the Notes against the realized yield rather than the contractual yield, and should review the Risk Factors in Section VIII concerning REO growth, loan loss reserves, and default resolution.

Market Opportunity

The private residential bridge lending market is characterized by a persistent structural gap created by the retreat of community and regional banks from distressed real estate and renovation lending. Large commercial banks focus

primarily on syndicated institutional transactions, leaving experienced residential real estate entrepreneurs underserved.

- **The Banking Void:** Community and regional banks have pulled back from renovation and distressed property lending, creating a structural lending void for specialty private lenders.
- **Aging Housing Stock:** The U.S. housing stock continues to age, requiring significant capital for renovation and rehabilitation, sustaining high demand for short-term renovation financing.
- **Specialty Lender Advantage:** The absence of traditional capital in this market allows specialty lenders like SPF to command attractive risk-adjusted pricing and maintain wider interest rate margins.
- **Niche Borrower Profile:** SPF's target borrowers are asset-rich, cash-flow constrained real estate entrepreneurs who require the speed, flexibility, and expertise that traditional banks cannot provide.

Geographic Footprint (as of 05.31.2026)

(based on number of loans rather than weighted average dollar exposure)

Current Markets	Portfolio Concentration
Greater Providence, Rhode Island	38%
Southeastern Massachusetts	29%
Southern Florida	14%
Pennsylvania	13%
Virginia	2%
Texas	4%
Unsecured (represents less than 0.5% wtd. avg. basis)	4%

IV. TERMS OF THE NOTES

Overview

Stage Point Master, LLC is offering Secured Promissory Notes (the "Notes") to verified Accredited Investors. The Notes are debt obligations of SPM, not equity interests, and are secured by SPM's equity interest in Stage Point Fund, LLC. The form of Note is attached as Exhibit A and the form of Membership Interest Pledge Agreement is attached as Exhibit B. In the event of any inconsistency between the summary in this Section IV and the executed Note, the Note governs.

Rate Schedule

The following table sets forth the complete schedule of Note terms and corresponding interest rates. This schedule is also attached to the form of Note at Exhibit A. Interest accrues on a simple basis on the unpaid principal at the monthly rate shown, compounded monthly, producing the annual compounded rate shown in the final column.

Loan Term	Monthly Interest Rate	Annual Non-Compounded (12 months)	Annual Int. Rate (compounded monthly)
3 Month	0.48676%	5.8411%	6.00%
6 Month	0.56541%	6.7849%	7.00%
9 Month	0.62786%	7.5343%	7.80%
12 Month	0.66667%	8.0000%	8.30%
18 Month	0.70146%	8.4175%	8.75%
24 Month	0.73996%	8.8795%	9.25%
36 Month	0.75915%	9.1098%	9.50%
60 Month	0.79741%	9.5689%	10.00%

Note on rate presentation: The annual rates shown in the final column are compounded monthly. The 12-month Note bears interest at 8.30% compounded monthly, equivalent to 8.0000% on a non-compounded basis. All references to Note rates elsewhere in this Memorandum are to the compounded annual rate.

Note Terms Summary

Feature	1-Year Note	3-Year Note	5-Year Note
Annual Yield (Compounded Monthly)	8.30%	9.50%	10.00%
Term	12 Months	36 Months	60 Months
Interest Distribution Options	Quarterly Cash or Reinvested	Quarterly Cash or Reinvested	Quarterly Cash or Reinvested
Security	SPM Equity in SPF	SPM Equity in SPF	SPM Equity in SPF
Tax Reporting	1099-INT	1099-INT	1099-INT

Notes are also available at 3, 6, 9, 18, and 24 month terms at the rates set forth in the Rate Schedule above.

Interest Payments

Interest accrues from the date of funding at the applicable annual rate, calculated on a 360-day year, and for partial months is charged for the actual number of days elapsed. Investors may elect, at subscription, to receive quarterly cash distributions or to reinvest interest for compounding principal appreciation. Where an investor elects cash distributions, interest is paid by wire or ACH transfer within 15 days of the end of each quarter.

Maturity and Repayment

Each Note matures at the end of its stated term, ranging from three months to five years from the funding date, as set forth in the Rate Schedule above. At maturity, and subject to the automatic extension provision described immediately below, SPM will repay the outstanding principal balance plus any accrued but unpaid interest. SPM maintains the right, at its sole discretion, to prepay Notes in whole or in part at any time without premium or penalty. Investors do not have the right to demand early redemption except as expressly provided in the Note.

Automatic Extension of Maturity Date

Prospective investors should read this provision carefully. Under Section 1.5 of the form of Note, a Note does not automatically repay at its stated maturity. Unless the holder delivers written notice to SPM not less than sixty (60) days before the Maturity Date demanding payment of the outstanding principal and accrued interest, in whole or in part, the Maturity Date extends automatically, without any further action by either party, for an additional period equal to the original term of the Note. A 12-month Note therefore extends for a further 12 months, a 60-month Note for a further 60 months, and so on.

Each extended Maturity Date then becomes the Maturity Date for all purposes of the Note and is itself subject to successive extensions on the same terms, unless and until the holder gives timely notice. Interest continues to accrue during any extension at the rate set forth in the Note. If the holder's notice demands only a partial payment, the amount specified is due on the Maturity Date and the balance remains outstanding under the Note, subject to further extension. Extension does not limit, waive, or otherwise affect the holder's rights and remedies on an Event of Default.

The practical consequence is that a holder who does not calendar the 60-day notice deadline and act on it will remain invested for a further full term. Investors who require repayment at a specific date should note the deadline at the time of subscription. See Section VIII, "Automatic Extension Risk."

Events of Default and Remedies

The following summarizes the default and remedy provisions of the form of Note at Exhibit A and the form of Pledge Agreement at Exhibit B. It is a summary only and is qualified in its entirety by the executed documents.

- **Events of Default.** An Event of Default occurs upon: (i) failure by SPM to make any payment when due, if the failure continues for fifteen (15) days after written notice from the holder; (ii) failure by SPM to comply with, perform, or observe any of its covenants or agreements under the Note, if the failure continues for thirty (30) days after written notice from the holder; (iii) SPM becoming insolvent or bankrupt, becoming generally unable to pay its debts as they become due, or making a general assignment for the benefit of creditors; or (iv) the commencement by or against SPM of any bankruptcy, insolvency, liquidation, receivership, or similar proceeding which, if involuntary, remains unstayed or undischarged for ninety (90) days.

- **Acceleration.** Acceleration is not automatic. Upon an Event of Default that has not been cured within the applicable cure period or waived in writing, the holder may, at the holder's option and by written notice to SPM, declare the entire unpaid principal and accrued but unpaid interest immediately due and payable.
- **Remedies.** Following acceleration, the holder may exercise all rights and remedies available under the Note, the Pledge Agreement, and applicable law, including the right to collect all sums due and the right to claim the SPF Equity pledged as security.
- **Enforcement against the collateral.** Under the Pledge Agreement, upon an Event of Default the holder is entitled, without further notice to SPM and without the necessity of legal proceedings, to sell any or all of the pledged membership interests. Proceeds are applied first to the holder's costs and expenses of enforcement, second to the indebtedness due under the Note, and third, any excess, to SPM. If the Obligations remain unsatisfied after foreclosure, the holder may seek the deficiency from SPM under the Note.
- **No collateral agent; holders act individually.** The Notes are issued as a series, but there is no indenture trustee, collateral agent, or other representative appointed to act for holders collectively, and there is no majority-consent or pro rata sharing mechanism among holders. Each holder enforces individually, and each holds a pledge of the same SPF equity. Investors should read this Section together with Section VIII, "No Collateral Agent; No Intercreditor Arrangement."
- **Governing law and dispute resolution.** The Note and the Pledge Agreement are each governed by Delaware law. Disputes under the Note are resolved exclusively through binding arbitration, and both parties waive trial by jury.

Security and Collateral

The Notes are secured by a pledge of SPM's equity interest in Stage Point Fund, LLC, granted under the Membership Interest Pledge Agreement attached as Exhibit B. In the event of a payment default by SPM, Note holders would have recourse against SPM's equity in SPF, which in turn holds first lien mortgage security against the underlying real estate assets. Under Section 2 of the form of Note, SPM covenants that the aggregate SPF Equity it holds will be equal to or greater in value than the aggregate Secured Notes Liabilities, measured at the end of each monthly accounting period, determined on a fair value basis. Investors should review Section VIII, "Collateral Coverage Risk," regarding the relationship between this covenant and the book values reported in the financial statements at Exhibits D and E.

Tax Treatment

Interest income received by Note holders will be reported on IRS Form 1099-INT. There are no K-1 filing obligations, no partnership accounting requirements, and no state tax withholding obligations imposed on Note holders by SPM. Investors who elect to reinvest interest rather than receive it in cash should Note that reinvested interest is generally taxable as income in the year it accrues notwithstanding that no cash is received.

Transferability

The Notes have not been registered under the Securities Act and may not be transferred or assigned without compliance with applicable securities laws. The Notes are not listed on any securities exchange or trading market. Under the form of Note, SPM may not assign the Note without the holder's prior written consent.

Minimum Investment

The minimum investment is \$200,000 for a natural person and \$1,000,000 for an entity. These thresholds are a condition of the Issuer's accredited investor verification procedure under Rule 506(c) and are described in Section IX. The Investment Manager retains discretion to decline any subscription.

V. USE OF PROCEEDS

One hundred percent (100%) of the gross proceeds from the sale of the Notes will be contributed by SPM directly to Stage Point Fund, LLC. There are no finder's fees, placement agent commissions, or other offering expenses deducted from investor proceeds at the SPM level.

- **Primary Use:** Origination of new first lien residential mortgage loans to qualified fix-and-flip real estate entrepreneurs.
- **Construction Reserves:** Draw funding for construction reserves on existing active loans, released as work is verified complete.

Fund Capital Stack

Capital Source	Amount / Detail (Dec. 31, 2025)
SPF Equity (derived from SPM Note Investor Capital)	\$30,980,697.78 outstanding
Institutional Credit — Variant Alternative Income Fund	\$11,035,500.00 outstanding / \$15M facility
Institutional Credit — Customers Bank	\$7,061,262.25 outstanding / \$25M facility
Total Institutional Borrowings	\$18,096,762.25 (~36.3% of SPF assets)
SPF Total Equity	\$32,807,886.17

VI. MANAGEMENT TEAM

Stage Point Capital is led by a team of experienced real estate, financial, and legal professionals with decades of combined experience across lending, asset management, law, and real estate entrepreneurship.

Whitney Quillen — CEO & Founder

Whitney Quillen founded Stage Point Capital and brings over 35 years of full-cycle real estate experience to the firm. He founded and subsequently sold W. Quillen Securities, a FINRA-registered investment bank. Prior to founding Stage Point Capital, Mr. Quillen served as legal counsel as a real estate, securities, and bankruptcy attorney, representing private equity firms, hedge funds, and broker-dealer firms.

G. Clayton Rice — Partner

Mr. Rice serves as Partner at Stage Point Capital, contributing expertise in real estate investment, deal structuring, and portfolio management.

Michael Shore — Fund Controller

Michael Shore serves as Fund Controller and is responsible for all financial reporting, accounting, investor distributions, and coordination with the Fund's independent auditor, Horowitz & Ullmann, P.C.

Shavasp Quillen — VP Marketing, Europe

Shavasp Quillen leads Stage Point Capital's European marketing and investor relations efforts, expanding the firm's institutional and family office investor base across European markets.

Management Alignment

SPC principals and the Quillen family have co-invested \$5,284,181.76 in SPM Notes, representing 17.27% of total outstanding SPM debt as of December 31, 2025. This co-investment demonstrates management's direct alignment with investor interests.

VII. FINANCIAL STATEMENTS & PERFORMANCE HISTORY

Audited Financial Statements

Stage Point Fund, LLC has produced annual audited financial statements since its inception in 2014, audited by Horowitz & Ullmann, P.C. Audited financials for 2014 through 2023 are available to prospective investors upon request. Stage Point Master, LLC was established effective January 1, 2024; SPM financial statements since inception are included as Exhibit D to this Memorandum. SPF financial statements for 2023, 2024, and 2025 are included as Exhibit E. The 2024 and 2025 statements for both entities are unaudited management accounts.

Understanding SPM's Financial Statements

Prospective investors should be aware of a critical accounting characteristic of SPM's financial statements before reviewing Exhibit D. As a special purpose vehicle, SPM records interest paid to Note holders as an operating expense (Investment Interest Expense), which produces a net loss on SPM's P&L in each period. However, SPM's P&L does not reflect the profit distributions it receives from SPF, which are recorded as equity adjustments on SPM's balance sheet rather than as income. The following supplemental analysis presents SPM's economics on a cash-flow basis by incorporating SPF distributions, demonstrating that SPM has covered the collective Notes' interest obligations in full in both years since inception:

SPM Supplemental Economic Analysis — SPF Distributions vs. Note Interest Paid

Item	2024	2025
Investment Interest Expense (Note Interest Paid)	\$3,203,025.79	\$3,007,318.11
SPF Distributions Received by SPM (1)	\$3,550,411.46	\$6,281,281.55
Coverage Surplus / (Deficit)	\$347,385.67	\$3,273,963.44
Interest Coverage Ratio	1.11x	2.09x

(1) SPF distributions to SPM are derived from changes in SPF equity balances adjusted for SPF net income: beginning SPF equity + SPF net income – ending SPF equity. These distributions are recorded as equity adjustments in SPM's balance sheet and do not appear on SPM's P&L under accrual-basis accounting.

The 2025 coverage improvement to 2.09x reflects SPF's 2025 net income of \$4,526,362.20, which generated larger distributions to SPM relative to the prior year. Investors should read this figure together with the notes to the financial statements at Exhibit E and the Risk Factors at Section VIII regarding the composition of 2025 net income and the recognition of capital losses.

The coverage ratios presented above compare SPF distributions to aggregate Note interest paid. The ratios do not take into account realized capital losses. In 2025, SPF recognized \$3,272,385.00 in long-term capital losses and \$151,269.72 in short-term capital losses on the disposition of REO properties and defaulted loan positions. Those losses do not reduce the coverage ratio as calculated, but they do reduce SPF's net asset base, and therefore the value of the collateral securing the Notes, over time. See Section VIII.

Stage Point Fund — Historical Net Quarterly Returns (2014–2023)

The following table presents SPF's net quarterly returns to equity investors from inception through December 31, 2023, net of the management fee described in Section XIII.

Year	Q1	Q2	Q3	Q4	Annual Return	Adj. ROE*
2014	—	—	—	2.00%	8.24%	12.24%
2015	2.01%	2.28%	2.28%	2.26%	9.13%	13.13%
2016	2.10%	2.42%	2.25%	2.29%	9.38%	13.38%
2017	2.06%	2.32%	2.31%	2.35%	9.35%	13.35%
2018	2.29%	2.34%	2.17%	2.19%	9.31%	13.31%
2019	2.15%	2.24%	2.05%	2.03%	8.75%	12.75%
2020	2.17%	2.22%	2.11%	2.14%	8.94%	12.94%
2021	2.10%	2.29%	2.15%	2.23%	9.06%	13.06%
2022	2.33%	2.28%	2.28%	2.22%	9.42%	13.42%
2023	2.17%	2.27%	2.21%	2.20%	9.15%	13.15%
AVERAGE	2.15%	2.28%	2.19%	2.19%	9.07%	13.07%

* Adjusted Return on Equity excludes the management fee. Past performance is not necessarily indicative of future results.

Stage Point Fund — Return on Equity Analysis (2024–2025)

Year	Q1	Q2	Q3	Q4	Annual (Comp.)	Equity (Avg.)	Net Income
2024	1.13%	2.66%	2.27%	1.67%	7.74%	\$34,947,105	\$2,799,030
2025	2.92%	8.50%	1.72%	0.37%	13.48%	\$33,632,725	\$4,526,362

Full SPF and SPM financial statements are included as Exhibits E and D, respectively. The 12-year average annual ROE of approximately 12.66% is stated before consideration of the factors described in the notes to Exhibit E, including the 2025 loan loss reserve reversal and the 2025 realized capital losses.

VIII. RISK FACTORS

An investment in the Notes involves a significant degree of risk. Prospective investors should carefully consider the following risk factors before making an investment decision. The risks described below are not exhaustive.

Structural and Collateral Risks

- **Collateral Coverage Risk.** The Notes are secured solely by SPM's equity interest in SPF. Under Section 2 of the form of Note, SPM covenants that the aggregate SPF Equity it holds will be equal to or greater in value than the aggregate Secured Notes Liabilities, measured at the end of each monthly accounting period on a fair value basis. Prospective investors should understand that this covenant is measured on a fair value basis and that the book values reported in SPM's financial statements at Exhibit D show the Equity — Stage Point Fund asset at \$25,431,838.50 against total Notes outstanding of \$30,980,697.78 as of December 31, 2025. On a book basis, therefore, the reported carrying value of the collateral is less than the aggregate principal amount of the Notes it secures. The Issuer's position is that book carrying value understates the fair value of the SPF equity interest for the reasons described in Section II.E and Section VII. There can be no assurance that a fair value determination would support the covenant at any given measurement date, that the covenant will be satisfied in future periods, or that on enforcement the SPF equity would realize proceeds sufficient to repay the Notes in full. A holder's remedy for breach of the covenant is limited to the default and enforcement mechanics described in Section IV, which depend on the value of the same collateral. Investors should not assume that the pledge assures repayment.
- **No Collateral Agent; No Intercreditor Arrangement.** The Notes are issued as a series and each holder receives a pledge of the same SPF equity interest. There is no indenture trustee, collateral agent, or other representative appointed to act on behalf of holders collectively; there is no majority-consent mechanism; and there is no intercreditor or pro rata sharing agreement among holders. Each holder must enforce individually. A holder who enforces first may obtain a practical advantage over holders who do not, and competing enforcement actions against a single pledged asset may reduce recoveries for all holders. The Pledge Agreement states that the pledge creates a first priority perfected security interest, but where the same asset is pledged to multiple holders, the priority as among those holders is not addressed by the Pledge Agreement.
- **Automatic Extension Risk.** Under Section 1.5 of the form of Note, a Note automatically extends for a further period equal to its original term unless the holder delivers written notice demanding payment not less than sixty (60) days before the Maturity Date. A holder who does not give timely notice will remain invested for another full term, which in the case of a 60-month Note means a further five years. The obligation to calendar and act on the deadline rests entirely with the holder. SPM is not required to remind holders that a deadline is approaching. Combined with the absence of any right of early redemption and the absence of a trading market, a missed notice deadline may leave a holder unable to obtain repayment for a substantial period. See Section IV.
- **No Personal Guarantee.** The Notes are obligations of SPM as an entity only and are not guaranteed by SPC, SPF, or any individual. SPM has no assets other than its equity interest in SPF.
- **Bankruptcy Consolidation Risk.** SPM is not fully bankruptcy-remote. A bankruptcy court could potentially consolidate SPM's assets with those of SPC in the event of SPC's insolvency.
- **Structural Subordination to SPF Creditors.** SPM's claim on SPF is an equity claim. SPF's institutional lenders, Variant Alternative Income Fund and Customers Bank, are senior secured creditors of SPF whose claims rank ahead of SPM's equity interest in any SPF liquidation. Note holders enforcing against the SPF equity would recover only what remains after those creditors are satisfied in full.

- **Conflicts of Interest.** SPC serves simultaneously as managing member of the Issuer and of the operating entity, and sets its own fee at the SPF level. These arrangements create economic incentives that may not always be aligned with Note holder interests. See Section XIII.

Real Estate and Credit Risks

- **Borrower Default Risk:** Borrowers may default on their loans, and SPF may be unable to recover the full outstanding loan balance through foreclosure and property sale. While SPF underwrites at an average of 70% LTV and holds first lien mortgage security, property values may decline and foreclosure proceedings can be time-consuming and costly.
- **Real Estate Market Risk:** The value of residential real estate may decline due to economic conditions, rising interest rates, or broader housing market disruptions, reducing the recovery value of collateral.
- **Construction and Renovation Risk:** Fix-and-flip projects may encounter cost overruns, delays, or contractor disputes that extend loan terms and increase the risk of default.
- **Geographic Concentration Risk:** SPF's portfolio is concentrated in Rhode Island (38%), Massachusetts (29%), Florida (14%), and Pennsylvania (13%). Adverse conditions in these markets could have a disproportionate impact.

Yield and Earnings Risks

- **Realized Yield Below Contractual Yield.** SPF's contractual loan rates, approximately 16.5% on performing loans and more than 18% gross including fees, are materially higher than the yield the Fund realizes. In 2025 the realized gross yield was approximately 13.5%. The difference reflects loans in default or workout on which interest accrues but is not collected, REO holdings that generate no interest income, and loans resolved below their contractual return. Investors should not assume that contractual rates translate into distributable income. If the gap between contractual and realized yield widens, SPF's capacity to fund distributions to SPM, and therefore SPM's capacity to pay interest on the Notes, would be reduced.
- **Composition of 2025 Net Income.** SPF's 2025 net income of \$4,526,362.20 includes a loan loss reserve recovery of \$3,333,783.97, representing approximately 73.6% of that year's net income. That recovery is the reversal of reserves previously established, not cash generated by lending operations, and it is not expected to recur. The 2.09x interest coverage ratio reported in Section VII, and the 13.48% return on equity reported for 2025, are each materially affected by this item. Investors evaluating those figures should consider SPF's results excluding the reversal.
- **Declining Revenue.** SPF's total revenue has declined from \$9,349,595 in 2023 to \$8,865,874 in 2024 to \$7,177,002 in 2025, a decrease of approximately 23% over two years. Interest income and origination fee income have each declined over the period, consistent with a smaller performing loan book and lower origination volume. If this trend continues, SPF's capacity to service distributions to SPM would be further reduced.
- **Realized Capital Losses.** SPF recognized \$3,272,385.00 in long-term capital losses and \$151,269.72 in short-term capital losses in 2025 on the disposition of REO properties and defaulted loan positions at prices below carrying value. These losses reduce SPF's net asset base and therefore the value of the collateral securing the Notes. They are not reflected in the interest coverage ratios presented in Section VII.

REO (Real Estate Owned) Risks

As of December 31, 2025, SPF's portfolio includes REO properties with a carrying value of \$5,982,533.98, representing a significant increase from \$2,318,560.64 at December 31, 2024 and \$3,787,633.98 at December 31, 2023. REO now

represents approximately 12% of SPF's total assets, up from 4.1% a year earlier. While the Company has historically repositioned previously held REO properties for sale and eventually monetized such properties, changing market conditions and the complexity of renovating REO properties in preparation for sale pose risks including the following:

- **REO Valuation Risk:** REO properties are carried at estimated fair value. There is no guarantee that SPF will be able to sell REO properties at or above their carrying values, and declining markets may require downward adjustments that reduce SPF's net asset value. SPF's 2025 realized capital losses demonstrate that dispositions below carrying value do occur.
- **Carrying Costs Risk:** REO properties generate ongoing costs (taxes, insurance, maintenance) without producing interest income. Extended holding periods compress SPF's net yield and contribute to the gap between contractual and realized yield described above.
- **Renovation and Disposition Risk:** Many REO properties require renovation prior to sale, which is subject to cost overruns and delays. There is no assurance that sales proceeds will recover all costs and outstanding loan balances.
- **REO Concentration Growth Risk:** The increase in REO carrying value from \$2.3M (2024) to \$6.0M (2025), a 158% increase, reflects a meaningful expansion of non-income-producing assets. If this trend continues, it could reduce SPF's realized yield and its ability to service SPM interest obligations on the Notes.

Loan Loss Reserve and Portfolio Quality Risks

- **Loan Loss Reserve:** SPF maintains a loan loss reserve that fluctuated significantly: (\$2,684,672) in 2023, (\$4,155,958) in 2024, and (\$822,174) in 2025. The 2025 reduction reflects a large reversal of prior reserves, which contributed materially to the strong 2025 net income figure. Prospective investors should note that this reversal may not recur in future periods, and that the reduced reserve provides less cushion against future losses than the prior year's balance.
- **Interest Income Receivable:** SPF's balance sheet reports Interest Income Receivable of \$32,795,536.49 at December 31, 2025, a large figure relative to total assets of \$49,804,890.77. This balance represents accrued but uncollected interest, recognized under accrual accounting on all loans including those in workout or default status. There is no assurance that this receivable will be collected in full, and a write-down would reduce SPF's equity and the collateral value securing the Notes.
- **Borrower Default and Delinquency Risk:** The Default Claims line on SPF's balance sheet reflects ongoing contested loan positions. While SPF holds first lien security on substantially all loans, default resolution is time-consuming and uncertain.
- **Borrower Concentration Risk:** More than 80% of SPF's loans are made to repeat borrowers. The financial distress of a key repeat borrower could have a disproportionate adverse effect on the portfolio.

SPM-Specific Financial Risks

- **Negative Book Equity:** SPM's balance sheet reflects negative book equity of (\$5,547,561.90) as of December 31, 2025, and (\$2,527,171.79) as of December 31, 2024. While the Issuer's position is that this is an artifact of SPM's accounting structure as an SPV (as explained in Section VII), prospective investors should understand that SPM's ability to repay Notes is dependent entirely on the continued value of its equity in SPF and SPF's ability to generate distributions sufficient to fund SPM's interest payments due on the outstanding Notes.
- **Note Maturity Concentration:** As of December 31, 2025, \$22,593,785.37 (72.9%) of outstanding Notes are classified as current (due within 12 months) and \$8,385,912.41 (27.1%) as long-term. This maturity profile

requires SPF to maintain sufficient liquidity and distribution capacity to fund near-term repayments, and makes the Issuer dependent on holders electing to extend or on the availability of fresh subscriptions. See also "Automatic Extension Risk" above.

- **Declining Asset Base:** SPM's equity in SPF has declined from \$31,763,225.86 (December 31, 2024) to \$25,431,838.50 (December 31, 2025), a decrease of \$6,331,387.36. This reduction reflects distributions paid to SPM to cover interest obligations on the Notes as well as changes in SPF's equity base. Continued decline in SPF's equity would reduce the collateral value securing the Notes.

Interest Rate and Macroeconomic Risks

- **Interest Rate Environment Risk:** Sustained elevated interest rates increase costs for end buyers of renovated properties, which can reduce buyer demand, compress property values, and increase loan default risk. Rising rates on SPF's variable-rate institutional credit lines also compress net margins.
- **Fix-and-Flip Market Demand Risk:** A sustained downturn in fix-and-flip activity could reduce SPF's loan origination volume, compress yields, and limit redeployment of capital as existing loans mature.

Liquidity and Redemption Risks

- **Illiquidity of Notes:** The Notes are not listed on any securities exchange. There is no established trading market. Investors should not expect to be able to sell or transfer their Notes prior to maturity.
- **Liquidity Risk:** There can be no assurance that sufficient capital will be available to repay maturing Notes, particularly given that \$22.6M of Notes mature within 12 months as of December 31, 2025.

Management and Operational Risks

- **Key Person Risk:** The success of SPM and SPF is substantially dependent on Whitney Quillen, G. Clayton Rice and the senior leadership team.
- **Track Record Risk:** Past performance is not indicative of future results.
- **Leverage Risk:** SPF utilizes institutional credit lines totaling \$18.1M. Rising interest rates on these facilities could compress net margins.
- **Unaudited Financial Statements:** The 2024 and 2025 financial statements for both SPM and SPF included at Exhibits D and E are unaudited management accounts. They have not been subject to independent examination.

Regulatory and Legal Risks

- **Regulatory Change Risk:** Changes in laws governing private lending, securities offerings, or real estate transactions could adversely affect operations.
- **Litigation Risk:** SPM and SPF may be subject to litigation from borrowers, investors, or third parties.
- **Securities Law Compliance Risk:** Any failure to comply with Rule 506(c) requirements, including the verification requirements described in Section IX, could result in loss of the exemption and give rise to rescission rights in favor of investors.
- **State Securities Law Risk:** SPM must make state notice filings in each state where Notes are sold. See Section XV.

THE FOREGOING RISK FACTORS ARE NOT EXHAUSTIVE. PROSPECTIVE INVESTORS SHOULD CONDUCT THEIR OWN DUE DILIGENCE AND CONSULT WITH THEIR OWN LEGAL, TAX, AND FINANCIAL ADVISORS BEFORE MAKING AN INVESTMENT DECISION.

IX. SUBSCRIPTION & ELIGIBILITY REQUIREMENTS

Eligible Investors

This offering is being conducted pursuant to Rule 506(c) of Regulation D. All purchasers must be verified Accredited Investors. Under Rule 501(a) of Regulation D, an "Accredited Investor" includes, among others:

- **Net Worth Test:** Any natural person whose individual net worth, or joint net worth with spouse or spousal equivalent, exceeds \$1,000,000, excluding the value of the primary residence;
- **Income Test:** Any natural person with individual income exceeding \$200,000 in each of the two most recent years, or joint income with spouse or spousal equivalent exceeding \$300,000, with a reasonable expectation of the same in the current year;
- **Entity Test:** Any entity not formed for the specific purpose of acquiring the securities offered, with total assets in excess of \$5,000,000;
- **All-Equity-Owner Test:** Any entity in which all equity owners are Accredited Investors;
- **Professional Certifications:** Any natural person holding in good standing a Series 7, Series 65, or Series 82 license, or other SEC-designated qualifying credential;
- **Qualified Purchasers:** Any "qualified purchaser" as defined in Section 2(a)(51)(A) of the Investment Company Act of 1940;
- **Institutional Investors:** Any bank, insurance company, registered investment company, business development company, or similar institutional entity.

Minimum Investment

The minimum investment in this offering is \$200,000 for a natural person and \$1,000,000 for an entity. These minimums are not discretionary. They form an integral part of the Issuer's verification procedure under Rule 506(c), as described below, and the Issuer will not accept a subscription below the applicable threshold.

Verification of Accredited Investor Status — Rule 506(c) Compliance

SPM is required to take reasonable steps to verify that each purchaser qualifies as an Accredited Investor prior to accepting any subscription. This verification requirement is mandatory and non-waivable under Rule 506(c). It is separate from, and in addition to, the requirement that the purchaser in fact be an Accredited Investor.

Verification Method — Minimum Investment Amount

SPM's verification approach relies on the minimum investment thresholds described above, together with a written Accredited Investor certification set forth in the Subscription Agreement. This approach is intended to be consistent with guidance issued by the SEC Division of Corporation Finance on March 12, 2025, under which an issuer may reasonably conclude that it has taken reasonable steps to verify accredited investor status where:

- the minimum investment amount is at least \$200,000 for a natural person, or at least \$1,000,000 for an entity;
- the purchaser represents in writing that it is an Accredited Investor and that its investment is not financed in whole or in part by any third party for the specific purpose of making the investment; and
- the issuer has no actual knowledge of any facts indicating that the purchaser is not an Accredited Investor or that the investment is financed by a third party.

Accordingly, the Subscription Agreement requires each investor to: (i) identify the applicable Accredited Investor category; (ii) certify and represent in writing that the investor satisfies the criteria; (iii) represent that the investment is not being financed in whole or in part by any third party for the specific purpose of making this investment; and (iv) acknowledge that SPM is relying on such representations. Each of these representations is a condition of subscription.

Prospective investors should note that the minimum investment thresholds are a compliance requirement of the verification method described above and cannot be waived by the Investment Manager without compromising the Issuer's ability to rely on this verification path.

Right to Request Additional Documentation

SPM reserves the right to require additional documentation from any investor, including tax returns, bank or brokerage statements, financial statements, or a written confirmation letter from a licensed CPA, attorney, registered investment adviser, or FINRA-registered broker-dealer, and will do so where the circumstances of a subscription warrant. Where SPM has actual knowledge of facts indicating that a purchaser may not be an Accredited Investor, or that the investment may be third-party financed, SPM will require documentary verification before accepting the subscription.

Recordkeeping

SPM will maintain records of its verification procedures for each investor, retained for a minimum period consistent with applicable securities law requirements.

Consequences of Misrepresentation

Any investor who misrepresents Accredited Investor status may be subject to rescission of their Note and may have liability under applicable federal and state securities laws.

Subscription Process

- **Step 1 — Request Subscription Package:** Contact Stage Point Capital to request the Subscription Package, including this Memorandum, the Note, the Pledge Agreement, and the Subscription Agreement.
- **Step 2 — Complete Subscription Documents:** Execute the Subscription Agreement, selecting your desired term, investment amount, and distribution election, and execute the Pledge Agreement to grant the pledge of SPM's equity interest in Stage Point Fund, LLC securing the Note.
- **Step 3 — Submit Documents:** Return executed documents to Stage Point Capital along with any required verification documentation.
- **Step 4 — Fund Your Investment:** Upon acceptance of your subscription, wire transfer instructions will be provided.
- **Step 5 — Note Issuance:** Upon receipt of cleared funds, SPM will countersign and deliver your executed Note and Pledge Agreement.

X. SERVICE PROVIDERS

Role	Provider
Investment Manager	Stage Point Capital, LLC (SEC Exempt Reporting Adviser)
Fund Auditor	Horowitz & Ullmann, P.C.
Securities Legal Counsel	Whitney S. Quillen (in-house counsel to Stage Point Capital)
Transfer Agent / Administrator	Formidium
Institutional Lender (Credit Line 1)	Variant Alternative Income Fund (Nasdaq: NICHX) — \$11.0M / \$15M capacity
Institutional Lender (Credit Line 2)	Customers Bank (NYSE: CUBI) — \$7.1M / \$25M capacity

XI. LEGAL DISCLAIMERS

No Registration

The Notes have not been registered under the Securities Act of 1933, as amended, or the securities laws of any state. The Notes are being offered pursuant to the exemption from registration provided by Rule 506(c) of Regulation D. The Notes may not be sold or transferred unless registered or an exemption is available.

Regulation D Rule 506(c) Compliance

This offering is made in reliance upon Rule 506(c). All actual purchasers must be verified Accredited Investors at the time of sale. Any person purchasing Notes without satisfying the Accredited Investor requirements may have rescission rights.

Form D Filing

SPM will file a Form D with the SEC within 15 days after the first sale of Notes in this offering, as required by Rule 503 of Regulation D.

No Investment Advice

This Memorandum does not constitute investment, legal, tax, or financial advice. Prospective investors should consult their own advisors before making an investment decision.

Forward-Looking Statements

This Memorandum contains forward-looking statements. SPM and SPC disclaim any obligation to update or revise forward-looking statements except as required by applicable law.

Past Performance

Past performance of Stage Point Fund, LLC and Stage Point Capital, LLC is not necessarily indicative of future results.

Confidentiality

This Memorandum is furnished on a confidential basis and may not be reproduced or disclosed without the prior written consent of Stage Point Capital, LLC.

Risk of Loss

All investments involve risk, including the potential for loss of some or all of the invested principal.

Contact Information

Stage Point Capital, LLC
Email: IR@stagepointcapital.com
12 East 49th Street, Suite 1808 | New York, NY 10017
Tel: (401) 227-5775 | Web: StagePointCapital.com

XII. MATERIAL INFORMATION REPRESENTATION

Completeness of Disclosure

SPM and SPC represent that, as of the date of this Memorandum, this document contains all information that is material to a prospective investor's decision to purchase the Notes. To the best of the knowledge, information, and belief of SPM and SPC: (i) no statement of material fact contained herein is untrue or misleading; (ii) no material fact necessary to make the statements herein not misleading has been omitted; and (iii) there are no material developments, events, litigation, or regulatory actions that have not been disclosed herein.

Categories of Material Information Disclosed

Category of Material Information	Location in This Memorandum
Issuer identity, structure & ownership	Section II — The Issuer
Investment strategy & loan portfolio	Section III — Investment Strategy & Market Opportunity
Terms of the Notes, rate schedule, extension and default mechanics	Section IV — Terms of the Notes; Exhibit A
Use of investor proceeds	Section V — Use of Proceeds
Management team & compensation	Sections VI & XIII
Financial performance & actual financial statements of SPM & SPF	Section VII; Exhibits D & E
Risk factors (incl. collateral coverage, REO, defaults, concentration)	Section VIII — Risk Factors
Accredited investor verification procedures and minimums	Section IX — Subscription & Eligibility
Manager compensation at SPF level	Section XIII — Compensation
Bad actor disqualification status	Section XIV — Bad Actor Disqualification
State securities law compliance	Section XV — State Blue Sky Compliance

Obligation to Update

This Memorandum will be supplemented or amended to reflect any material change in the information contained herein prior to the completion of this offering. Prospective investors should confirm with Stage Point Capital that they have received the most current version before making an investment decision.

XIII. COMPENSATION OF THE INVESTMENT MANAGER

No Fees at the SPM Level

SPC does not charge any management fee, advisory fee, or other compensation directly to SPM or SPM's Notes investors. One hundred percent (100%) of investor proceeds are invested directly into SPF without deduction.

SPC Compensation at the SPF Level — Management Fee

SPC earns compensation exclusively at the SPF operating level. The fee is calculated at 25 basis points per quarter, applied to SPF's total assets measured at the beginning of each quarter, which is equivalent to approximately 1.0% per annum of total assets. The fee is charged on total assets rather than on net assets, net income, or profits, and is payable whether or not SPF is profitable in the relevant quarter. It is deducted from SPF's gross earnings before calculation of net returns.

Prior to January 1, 2024, when the SPF equity interests held by outside investors were converted into SPM Notes, SPC's compensation was structured as a profit share. References to a "management profit share" in prior versions of this Memorandum described that superseded arrangement. The current fee paid by SPF to SPC is based on SPF's total assets, as described above.

- **Impact on Returns:** Historical net quarterly returns in Section VII are presented net of this fee, reflecting SPF's actual net economic performance after SPC compensation.
- **Fee Charged Regardless of Performance:** Because the fee is based on total assets rather than on income or profits, it is payable in full in periods when SPF's income declines or when SPF operates at a loss. In such periods the fee represents a larger proportion of SPF's earnings and reduces amounts otherwise available for distribution to SPM.
- **No Double-Dipping:** SPC does not charge any additional management fee, advisory fee, origination fee, or disposition fee beyond the fee described above.
- **Conflicts of Interest:** An asset-based fee creates an incentive to maintain or grow SPF's total assets, which is not necessarily aligned with maximizing distributions to Note holders or with the timely disposition of underperforming assets such as REO. SPC also controls both the Issuer, SPM, and the operating entity, SPF. These conflicts are mitigated in part by the co-investment by SPC principals (17.27% of total SPM debt), but they are not eliminated.

Other Compensation

Other than the management fee described above, neither SPC nor its affiliates receives any other compensation from SPM or SPF except for reimbursement of reasonable out-of-pocket expenses. Any material changes to SPC's compensation will be disclosed to investors by supplement to this Memorandum.

XIV. BAD ACTOR DISQUALIFICATION — RULE 506(d) REPRESENTATION

Overview of Rule 506(d)

Rule 506(d) provides that an issuer may not rely on the Rule 506 exemption if the issuer or any "covered person" is subject to a "disqualifying event," including certain criminal convictions, court injunctions, SEC disciplinary orders, cease-and-desist orders, or SRO suspension or expulsion.

Covered Persons

Covered persons for this offering include: Stage Point Master, LLC; Stage Point Capital, LLC; Stage Point Fund, LLC; Whitney Quillen; G. Clayton Rice; Michael Shore; James Morgan; Shavasp Quillen; and any other person paid remuneration for solicitation of purchasers in connection with this offering.

Representation of No Disqualification

SPM hereby represents and warrants that, as of the date of this Memorandum, neither SPM nor any covered person is subject to any disqualifying event under Rule 506(d)(1), including:

- **Criminal Convictions:** No covered person has been convicted of any felony or misdemeanor in connection with the purchase or sale of any security or involving the making of a false filing with the SEC within the applicable lookback period.
- **Court Orders:** No covered person is subject to any order, judgment, or decree restraining or enjoining engagement in any securities-related conduct or practice.
- **Regulatory Orders:** No covered person is subject to a final order of any state securities commission, federal banking agency, or the CFTC barring association with a regulated entity.
- **SEC Orders:** No covered person is subject to any SEC disciplinary order or cease-and-desist order relating to anti-fraud violations.
- **SRO Suspension or Expulsion:** No covered person has been suspended or expelled from membership in or barred from association with any registered national securities exchange or securities association.

Ongoing Disclosure Obligation

SPM undertakes to promptly notify all investors and prospective investors in the event that any covered person becomes subject to a disqualifying event during the pendency of this offering.

XV. STATE BLUE SKY — NOTICE FILING REQUIREMENTS

Federal Preemption and Covered Securities

The Notes are covered securities under Section 18(b)(4)(D) of the Securities Act of 1933 (as enacted by NSMIA). States are preempted from imposing substantive merit review or registration requirements on this offering, but retain the right to require notice filings and fees.

Federal Form D Filing

SPM will file a Form D with the SEC via EDGAR within fifteen (15) calendar days after the date of the first sale of Notes in this offering, and will amend as required by Rule 503(a)(3).

State Notice Filing Obligations

SPM, in consultation with Whitney S. Quillen (in-house counsel to Stage Point Capital), will make all required state notice filings on a timely basis. State notice filing obligations will be determined based on the residence of each investor at the time of subscription.

State-Specific Investor Protections

Nothing in this Memorandum limits the rights of investors under applicable state securities laws, including state anti-fraud provisions.

Investor Responsibility

Prospective investors are responsible for satisfying themselves that their purchase of Notes complies with the securities laws of their jurisdiction of residence. The offer and sale of Notes is void where prohibited by applicable law.

EXHIBIT A — FORM OF SECURED PROMISSORY NOTE

Secured Promissory Note Stage Point Master, LLC

FOR VALUE RECEIVED, the undersigned, **Stage Point Master, LLC**, a Delaware limited liability company ("Maker" or "SPM" or "Borrower"), hereby promises to pay to the order of **[LENDER NAME]** (the "Lender"), in lawful money of the United States of America at the address set forth in Section 5 hereof, the principal amount of **[\$LOAN AMOUNT]** (such amount is hereinafter referred to as the "Principal"), plus any accrued but unpaid Interest (as defined below) thereon. This Secured Promissory Note is referred to hereinafter as the "Note."

The terms and conditions of this Note are as follows:

1. Terms of Payment.

1.1 Maturity. Except with respect to all or any portion of the Principal and Interest evidenced by this Note, the Principal plus any accrued but unpaid Interest shall be payable in one balloon payment on **[MATURITY DATE]** (the "Maturity Date"), subject to automatic extension as provided in Section 1.5. On the Maturity Date, this Note shall mature and the entire outstanding Principal of this Note and all accrued and unpaid Interest shall be immediately due and payable without notice or demand.

1.2 Interest. Simple interest on the unpaid, unconverted Principal shall accrue at the rate of **[ANNUAL INTEREST RATE]**% per annum, equal to **[MONTHLY INTEREST RATE]**% per month, compounded monthly ("Interest"). Interest shall be calculated based on a 360-day year and, for partial months in which per diem days are calculated, charged for the actual number of days elapsed. The applicable rates are set forth in the Rate Schedule attached hereto as Schedule 1, which reflects the Note term and the corresponding interest rate.

1.3 Payments. Interest will accrue and be added to the Principal loan balance (on which balance Interest will be based). If and when Lender elects to receive Interest payments, the Borrower will pay Interest via wire or ACH transfer to Lender using the wire delivery instructions as instructed by Lender in writing, on a quarterly basis, within 15 days of the end of each quarter.

1.4 Prepayment. Maker shall have the right to prepay any Principal or Interest under this Note prior to maturity without the prior written consent of the Lender.

1.5 Automatic Extension of Maturity Date. As used in this Note, "Loan Term" means the period of time between the date of this Note and the Maturity Date set forth in Section 1.1 above, corresponding to the term and interest rate set forth in Schedule 1. Unless the Lender delivers written notice to the Maker, in accordance with Section 5 (Notices), not less than sixty (60) days prior to the Maturity Date (or any Extended Maturity Date, as defined below), demanding satisfaction of this Note by partial or full payoff of the outstanding Principal and any accrued but unpaid Interest, the Maturity Date shall automatically extend, without any further action by Maker or Lender, for an additional period equal to the Loan Term (each such extension, an "Extension," and the Maturity Date as so extended, the "Extended Maturity Date").

Each Extended Maturity Date shall thereafter constitute the "Maturity Date" for all purposes of this Note, including for purposes of this Section 1.5, and shall be subject to successive Extensions on the same terms unless and until the Lender timely delivers a notice of demand as described above. Interest shall continue to accrue on the outstanding Principal during any Extension at the rate set forth in Section 1.2, unless Maker and Lender otherwise agree in writing.

If the Lender's notice demands a partial payoff, the amount specified in such notice shall be due and payable on the Maturity Date (or Extended Maturity Date, as applicable), and any remaining unpaid Principal and accrued Interest shall continue to be governed by the terms of this Note, including the Lender's right to give a further notice under this Section 1.5 with respect to any subsequent Maturity Date. No Extension shall limit, waive, or otherwise affect the Lender's rights and remedies under Section 3 (Events of Default; Acceleration).

2. Secured by Stage Point Fund LLC Equity.

This Note is secured by membership interests ("SPF Equity") of Stage Point Fund LLC ("SPF") issued by SPF and held by SPM. SPM will use the sum of all of the Lender's proceeds (equal to the Principal) plus SPF-generated profits attributable to the Principal, to purchase SPF Equity. This Note is one of a series of other secured promissory notes of which this Note is a part (collectively with this Note, the "Secured Notes"). Other than Stage Point Capital which remains the sole Managing Member and equity holder of SPF, SPM is the only other equity holder in, and member of, SPF. SPM's sole role is that of a holding company which holds SPF Equity as its sole material asset; and SPM's only material liability is the Principal, Interest and all other obligations (together, "the Secured Notes Liabilities") arising under the Secured Notes.

SPM covenants that it now holds, and will at all times hold, SPF Equity having a fair value equal to or greater than the amount due under this Note, and further covenants that the aggregate SPF Equity held by SPM will have a fair value equal to or greater than the aggregate Secured Notes Liabilities, in each case as determined by SPM in good faith at the end of each monthly accounting period. Lender acknowledges that this covenant is measured on a fair value basis, that the fair value of the SPF Equity may differ, and as of the date of the most recent financial statements furnished to Lender does differ, from the carrying value at which the SPF Equity is recorded on SPM's balance sheet, and that fair value is determined by SPM in its good faith judgment and is not established by an independent appraisal. Lender further acknowledges that a breach of this covenant constitutes an Event of Default under Section 3.1(b) and that Lender's remedy for such breach is limited to the remedies set forth in Section 3.2, which depend upon the value of the same SPF Equity. Lender has reviewed the risk factors relating to collateral coverage set forth in the private placement memorandum of SPM pursuant to which this Note is offered.

3. Events of Default; Acceleration.

3.1 Event of Default. Upon the occurrence of any one of the following events, the entire amount outstanding under this Note shall, at the option of the Lender, without any prior notice, presentment or demand, become immediately due and payable in full:

- (a) Failure of Maker to make any of the payments under this Note when due if such failure to pay continues for fifteen (15) days after written notice by the Lender to Maker of such failure to pay;
- (b) Failure of Maker to comply with, perform or observe any one or more of its covenants or agreements under this Note if such failure continues for thirty (30) days after written notice by the Lender to Maker of such failure;
- (c) Maker becomes insolvent or bankrupt, becomes generally unable to pay its debts as they become due, or makes a general assignment for the benefit of creditors; or
- (d) The commencement by or against Maker of any bankruptcy, insolvency, liquidation, receivership or similar proceedings which, in the case of an involuntary proceeding, shall remain unstayed or undischarged for a period of ninety (90) days after its commencement or the taking by or against Maker of any corporate action for the purpose of effecting any of the foregoing.

3.2 Remedies Upon Event of Default. If an Event of Default has occurred and has not been cured within the applicable cure period, if any, or waived by the Lender in writing, the Lender may, at their option, by written notice to Maker, declare the entire unpaid Principal and accrued but unpaid Interest immediately due and payable and exercise any and all rights and remedies available to the Lender under this Note and applicable laws. Such rights and remedies include, without limitation, the right to collect all sums due under this Note and the right to claim the SPF Equity held as security for SPM's performance of its obligations under this Note.

3.3 No Collateral Agent; Holders Act Individually. Lender acknowledges that this Note is one of a series of Secured Notes, that each holder of a Secured Note holds a pledge of the same SPF Equity, and that no indenture trustee, collateral agent, or other representative has been appointed to act on behalf of the holders of the Secured Notes collectively. There is no intercreditor, pro rata sharing, or majority-consent arrangement among the holders of the Secured Notes. Each holder must enforce its rights individually, and a holder who enforces first may obtain a practical advantage over holders who do not.

4. Waiver; Remedies; Costs.

Except as set forth herein, Maker hereby waives presentment, demand, diligence, protest, notice of non-payment or notice of dishonor. No waiver by Lender of any right or remedy under this Note shall be effective unless in a writing signed by Lender. Neither the failure nor any delay in exercising any right, power or privilege under this Note shall operate as a waiver of such right, power or privilege and no single or partial exercise of any such right, power or privilege by Lender shall preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power, or privilege. The rights and remedies of Lender are cumulative and recourse to one or more rights or remedies shall not constitute a waiver of the others. Maker shall be liable for all reasonable costs, expenses and attorneys' fees incurred by Lender in connection with the enforcement of Lender's rights under this Note and the collection of the indebtedness evidenced by this Note.

5. Notices.

Any notice required or permitted hereunder shall be in writing and shall be deemed effectively given: (a) upon personal delivery to the party to be notified; (b) if sent by email as a PDF document, with confirmation of transmission if sent during normal business hours of the recipient, if not, then on the next business day; (c) four days after having been sent by certified or registered mail, return receipt requested, postage prepaid; or (d) the next business day after deposit with a nationally recognized overnight courier, specifying next day delivery, with written verification of receipt. All communications shall be addressed as follows:

If to Lender:

Name: [LENDER NAME]
Address: [LENDER ADDRESS]
Email: [LENDER EMAIL]

If to Maker:

Stage Point Master, LLC
c/o Stage Point Capital, LLC
12 E. 49th St. Suite # 1808
New York, NY 10017
Attention: Whitney Quillen
Email: IR@stagepointcapital.com; cc: Whitney@stagepointcapital.com

or to such other address as an above party shall specify by 10 days' advance written notice so given.

6. Modifications; Amendments.

This Note may not be amended or modified except by a writing executed by Maker and the Lender.

7. Severability.

If any provision of this Note is held to be invalid, void or unenforceable under applicable law, such provision shall be excluded from this Note and the balance of this Note shall be interpreted as if such provision were so excluded and shall be enforceable in accordance with its terms.

8. Successors and Assigns.

This Note may not be assigned, conveyed or transferred by Maker without the prior written consent of Lender. Subject to the foregoing, this Note shall be binding on, shall inure to the benefit of, and shall be enforceable by the respective successors, assigns, heirs, personal representatives, and administrators of Maker and Lender.

9. Representations of the Lender.

Lender affirms that Lender is an "accredited investor" as such term is defined in Rule 501 under the Securities Act of 1933, as amended (the "Securities Act"). Lender further represents that Lender's purchase of this Note is not being financed, in whole or in part, by any third party for the specific purpose of making this investment. Lender understands that this Note, and the SPF Equity securing this Note, are being offered and sold under the exemption from registration as set forth in Regulation D promulgated under the Securities Act, and that transfer of this Note is restricted by applicable federal, state and non-U.S. securities laws. Lender further understands that no federal or state agency has made any finding or determination as to the fairness for public investment or any recommendation or endorsement of the Notes. In addition, Lender understands that (i) this Note will not be, and Lender has no rights to require that it be, registered under the Securities Act; (ii) there will be no public market for this Note; (iii) Lender may not be able to avail itself of exemptions available for resale of the Note without registration, and accordingly, may have to hold this Note indefinitely if the Maker is unable or unwilling to satisfy the Note as and when due hereunder; and (iv) it may not be possible for Lender to liquidate its investment in Maker. Lender does, however, have the right to claim the SPF Equity held as security for this Note as per Section 3.2 (Remedies) above, subject to the acknowledgements in Section 2 and Section 3.3.

10. Governing Law; Consent to Jurisdiction.

This Note shall be governed by and construed in accordance with the laws of the State of Delaware, without giving effect to principles of conflict of laws or choice of law that would cause the substantive laws of any other jurisdiction to apply. Any dispute arising from or relating to this Note shall be resolved exclusively through binding arbitration. Maker and Lender hereby waive all rights each may have to trial by jury in any action, proceeding or claim arising out of or related to this Note. Maker and Lender acknowledge that the foregoing waiver is knowing and voluntary.

IN WITNESS WHEREOF, the Borrower has duly executed this Secured Promissory Note of the date indicated below.

Dated: [DATE OF NOTE]

Stage Point Master, LLC

By: Stage Point Capital, LLC, Managing Member

by: Whitney S. Quillen, CEO

SCHEDULE 1

Rate Schedule

(Stage Point Master, LLC Secured Promissory Note)

The following table sets forth the Loan Term options and corresponding interest rates applicable to the Notes. The rate inserted in Section 1.2 of this Note must correspond to the Loan Term selected by the Lender.

Loan Term	Monthly Interest Rate	Annual Non-Compounded (12 months)	Annual Int. Rate (compounded monthly)
3 Month	0.48676%	5.8411%	6.00%
6 Month	0.56541%	6.7849%	7.00%
9 Month	0.62786%	7.5343%	7.80%
12 Month	0.66667%	8.0000%	8.30%
18 Month	0.70146%	8.4175%	8.75%
24 Month	0.73996%	8.8795%	9.25%
36 Month	0.75915%	9.1098%	9.50%
60 Month	0.79741%	9.5689%	10.00%

Note: The rates in the final column are compounded monthly and are the rates referenced in the private placement memorandum. The rates in the third column are the equivalent non-compounded annual rates.

EXHIBIT B — FORM OF MEMBERSHIP INTEREST PLEDGE AGREEMENT

MEMBERSHIP INTEREST PLEDGE AGREEMENT

THIS MEMBERSHIP INTEREST PLEDGE AGREEMENT (this "Agreement"), dated as of **[DATE]**, is entered into by and between **Stage Point Master, LLC** ("Pledgor"), residing at c/o Stage Point Capital, LLC, 12 E. 49th St., Suite #1808, New York, NY 10017, and **[SECURED PARTY NAME]**, **[an individual residing at [ADDRESS] / a [STATE/COUNTRY] [ENTITY TYPE] with its principal place of business at [ADDRESS]]** ("Secured Party").

RECITALS

A. Pledgor has executed that certain Secured Promissory Note (the "Note") in the aggregate principal amount of **[\$AMOUNT]**, dated of even date herewith, in favor of Secured Party.

B. Pledgor is a special purpose vehicle whose sole assets are membership interests in Stage Point Fund, LLC ("SPF"), a Delaware limited liability company, an evergreen fund consisting primarily of loans secured by first lien mortgages.

C. Pursuant to that certain private placement memorandum of Pledgor, as revised (the "PPM"), and SPF's operating agreement (the "LLC Agreement") originally dated September 19, 2014 and revised on **[DATE OF LATEST REVISION]**, SPF has issued SPF membership interests ("Membership Interests") to Pledgor with a par value of One Dollar (\$1.00) for each dollar invested by Pledgor into SPF.

D. Pledgor has agreed to use the entirety of the Note proceeds to acquire Membership Interests (the "Pledged Membership Interests"), to pledge such interests to Secured Party pursuant to the terms of the Note, and to enter into this Agreement in order to secure its obligations to Secured Party under the Note.

NOW, THEREFORE, in consideration of the foregoing promises and other good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties hereto agree as follows:

1. Pledge of Membership Interests.

Pledgor hereby pledges, grants a security interest in, assigns, transfers and delivers unto Secured Party and its successors and assigns the Pledged Membership Interests as collateral security for the payment and performance by Pledgor of the Obligations (as defined under Section 2, below). The Pledged Membership Interests shall be referred to herein as the "Collateral."

2. Obligations Secured.

This Agreement is made and the pledge herein is given to secure Pledgor's payment and performance of any and all obligations, liabilities and indebtedness of Pledgor to Secured Party pursuant to the terms of the Note and this Agreement (collectively, the "Obligations").

3. Representations and Warranties of Pledgor.

Pledgor hereby represents and warrants to Secured Party as follows:

3.1 Ownership of the Pledged Membership Interests. Pledgor is and shall be the beneficial and record owner of the Pledged Membership Interests.

3.2 Liens, Claims, Encumbrances, Etc. Pledgor owns the Pledged Membership Interests free and clear of any material liens, claims, encumbrances or security interests of any kind or nature whatsoever, other than security interests granted to the holders of the other Secured Notes as described in Section 3.4.

3.3 Authority. Pledgor is not precluded in any manner whatsoever from executing, and has the requisite authority to execute, this Agreement and to pledge, transfer and grant a security interest and lien in the Collateral as contemplated herein, without the approval or authorization of any other person, including any governmental or regulatory authority whatsoever.

3.4 Priority of Lien; Other Secured Notes. The pledge, assignment and delivery of the Collateral pursuant to this Agreement will create a valid and perfected security interest in the Collateral pledged by Pledgor, and the proceeds thereof, securing the payment of the Obligations, prior to the claims of Pledgor's general creditors. Secured Party acknowledges that the Note is one of a series of secured promissory notes issued by Pledgor (collectively, the "Secured Notes"), that Pledgor has granted and will continue to grant security interests in the same Collateral to the holders of the other Secured Notes, and that no intercreditor, subordination, pro rata sharing, or collateral agency arrangement exists among the holders of the Secured Notes. The relative priority among the holders of the Secured Notes is determined by applicable law and is not established by this Agreement. Secured Party has reviewed the risk factors in the PPM relating to the absence of a collateral agent and to collateral coverage.

3.5 Due Authorization. This Agreement has been duly authorized, executed and delivered by Pledgor and constitutes a legal, valid and binding obligation of Pledgor enforceable in accordance with its terms, except as enforceability may be limited by bankruptcy, insolvency, or other similar laws affecting the rights of creditors generally or by the application of general equity principles.

4. Covenants of Pledgor.

Pledgor hereby covenants and agrees as follows:

4.1 Sale, Encumbrance, Etc. Pledgor shall not sell, contract to sell, encumber, hypothecate or permit or suffer any attachment, security interest, lien or other encumbrance or judgment or other judicial or involuntary lien against, or otherwise dispose of, the Collateral or any part thereof, unless Pledgor shall have obtained the prior written consent of Secured Party. The foregoing does not restrict Pledgor from granting security interests in the Collateral to holders of other Secured Notes as contemplated by Section 3.4.

4.2 Defense of Collateral. Pledgor shall defend, at Pledgor's sole cost and expense, the Collateral against any and all liens, charges, security interests and other encumbrances, other than those contemplated by Section 3.4.

4.3 Maintenance of Collateral Value. Pledgor shall comply with the covenant set forth in Section 2 of the Note relating to the fair value of the SPF Equity held by Pledgor relative to the aggregate Secured Notes Liabilities.

5. Events of Default.

The occurrence of any of the following shall constitute an event of default ("Event of Default") under this Agreement:

5.1 Default under Note. Pledgor shall fail to make a payment due under the Note following the applicable cure period.

5.2 Default on the Obligations. Pledgor shall default in the performance or observance of any of the Obligations, other than Obligations under the Note, and such default shall not have been cured within thirty (30) days after Pledgor's receipt of written notice thereof from Secured Party.

5.3 Breach of Representation or Warranty. Any representation or warranty made by Pledgor herein shall be false in any material respect and such default shall not have been cured within thirty (30) days after Pledgor's receipt of written notice thereof from Secured Party.

6. Rights of Secured Party Upon Default.

6.1 Rights and Remedies of Secured Party. In the event of any Event of Default, Secured Party shall be entitled, without further notice to Pledgor except as required by applicable law, and without necessity for legal proceedings, to sell any or all of the securities serving as Collateral and, if any of the Obligations remains unsatisfied following such foreclosure, to seek payment of such unsatisfied amount from Pledgor pursuant to the terms of the Note. In addition, and not by way of limitation of the foregoing, Secured Party shall have any or all remedies provided by law, including, but not limited to, all rights and powers of a secured party after default pursuant to the Uniform Commercial Code as in effect in the State of Delaware. Any sale or other disposition of the Collateral shall be conducted in a commercially reasonable manner as required by such Code.

6.2 Application of Proceeds of Sale, etc. The proceeds of any sale or other disposition of, or any collection of or realization on, any of the Collateral, shall be applied by Secured Party from time to time to pay: (a) first, all costs, fees and expenses paid or incurred by Secured Party in connection with the exercise, protection or enforcement of Secured Party's rights and remedies hereunder; (b) second, the entire indebtedness due Secured Party under the Note; and (c) third, the excess, if any, shall be paid to Pledgor or to whomever is then legally entitled to receive the same, subject to the rights of the holders of the other Secured Notes and any other person with an interest therein.

7. Termination of Agreement.

Upon payment in full of the Obligations, this Agreement and the security interest created hereby in favor of Secured Party shall terminate.

8. Amendments.

The provisions of this Agreement may not be waived, altered, amended or repealed in whole or in part except by the written consent of the parties hereto.

9. Counterparts.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall together constitute one and the same instrument.

10. Waiver.

The failure or delay on the part of any party hereto to exercise any right, remedy, power or privilege shall not operate as a waiver thereof. Any waiver must be in writing and signed by the party making such waiver. A written waiver of any default shall not operate as a waiver of any other default or of the same type of default on a future occasion.

11. Successors and Assigns.

This Agreement shall be binding on and shall inure to the benefit of the parties hereto and their respective heirs, legal representatives, and permitted successors and assigns.

12. Necessary Acts.

Each party hereto shall perform any further acts and execute and deliver any additional agreements, assignments or documents that may be reasonably necessary to carry out the provisions or to effectuate the purposes of this Agreement, including the filing of any financing statement necessary to perfect the security interest granted hereunder.

13. Governing Law.

This Agreement shall be governed by, interpreted under, and construed and enforced in accordance with, the internal laws of the State of Delaware, without giving effect to principles of conflict of laws or choice of law that would cause the substantive laws of any other jurisdiction to apply. This governing law provision is intended to be consistent with the governing law provision of the Note.

14. Attorneys' Fees and Costs.

If any legal action or other proceeding is brought in connection with this Agreement, the successful or prevailing party, whether or not such party has instituted the action, shall be entitled to recover from the non-prevailing party reasonable attorneys' fees and other costs incurred in such action or proceeding, in addition to any other relief to which it may be entitled.

15. Notices.

All notices and other communications required or which may be given hereunder shall be in writing and shall be deemed effectively given or received for all purposes only (i) when presented personally, (ii) on receipt when mailed by U.S. first class mail, registered or certified, postage prepaid, return receipt requested, (iii) one day after being sent if sent by professional overnight courier or messenger service, or (iv) on the date of transmission if sent by electronic transmission, with receipt confirmed, at the address indicated on the signature page to this Agreement (or addressed as any party may subsequently designate by notice in accordance with this Section 15).

16. Headings and Captions.

The headings and captions used herein are solely for the purpose of reference only and are not to be considered in connection with the construction or interpretation of this Agreement.

17. Assignment.

Secured Party may assign, endorse or transfer any instrument evidencing all or any part of the Obligations, subject to the transfer restrictions set forth in the Note and to compliance with applicable securities laws, and the holder of such instrument shall be entitled to the benefits of this Agreement.

18. Entire Agreement.

This Agreement, together with the documents referenced herein, contains all of the agreements of the parties hereto with respect to the matters contained herein and no prior or contemporaneous agreement or understanding, oral or written, pertaining to any such matters shall be effective for any purpose. No provision of this Agreement may be amended or added to except by an agreement in writing signed by the parties hereto or their respective successors in interest and expressly stating that it is an amendment of this Agreement.

IN WITNESS WHEREOF, the parties have executed this Agreement as of the date first written above.

EXHIBIT C — ORGANIZATIONAL & CAPITAL FLOW CHART

The following describes the three-tier ownership and management structure of Stage Point Capital, LLC, Stage Point Master, LLC (the Issuer), and Stage Point Fund, LLC (the operating entity), together with the flow of investor capital, loan proceeds, interest payments, and institutional credit lines. A full description of this structure is set forth in Section II of this Memorandum.

4 C

Arrow / Flow	Description	Direction
Secured Loan Proceeds	Investors wire Note subscription proceeds to SPM	Investors → SPM
Interest Payments	SPM distributes quarterly interest to Note investors	SPM → Investors
Loan Proceeds	SPM contributes 100% of Note proceeds downstream to SPF	SPM → SPF
SPF Profit	SPF distributes net profits upstream to SPM to fund Note interest	SPF → SPM
SPF First Lien Loans	SPF originates first lien mortgage loans to third-party borrowers	SPF → Borrowers
Principal, Interest & Fees	Borrowers repay principal, interest, origination and payoff fees to SPF	Borrowers → SPF
Institutional Credit Lines	Variant (\$11M) and Customers Bank (\$7.1M) provide senior secured credit to SPF	Inst. Lenders → SPF

EXHIBIT D — STAGE POINT MASTER, LLC FINANCIAL STATEMENTS

The following financial statements for Stage Point Master, LLC cover the periods January 1, 2024 through December 31, 2024 and January 1, 2025 through December 31, 2025. These statements were prepared on an accrual basis. They have not been audited. SPM was established effective January 1, 2024; accordingly, no prior-period comparative statements exist for years before 2024.

IMPORTANT NOTE ON SPM'S ACCOUNTING PRESENTATION: SPM records interest paid to Note holders as an expense (Investment Interest Expense) but records distributions received from SPF as equity adjustments rather than income, in accordance with its treatment of the SPF equity interest as an investment. As a result, SPM's P&L reflects a net loss in each period that does not represent SPM's true economic position. The supplemental economic analysis in Section VII of this Memorandum, which incorporates SPF distributions, demonstrates that SPM has fully covered its Note interest obligations in both periods. See Section VII for details.

Stage Point Master, LLC — Balance Sheet

Balance Sheet	Dec. 31, 2024	Dec. 31, 2025
ASSETS		
<i>Current Assets</i>		
Customers Bank Checking	\$3,862.54	\$1,297.38
Total Current Assets	\$3,862.54	\$1,297.38
<i>Other Assets</i>		
Equity — Stage Point Fund	\$31,763,225.86	\$25,431,838.50
Total Other Assets	\$31,763,225.86	\$25,431,838.50
TOTAL ASSETS	\$31,767,088.40	\$25,433,135.88
LIABILITIES AND EQUITY		
<i>Current Liabilities</i>		
Accounts Payable	\$1,000.00	\$1,000.00
Notes Payable — Current (Aggregate)	\$26,844,745.11	\$22,593,785.37
Total Current Liabilities	\$26,845,745.11	\$22,594,785.37
<i>Long-Term Liabilities</i>		
Notes Payable — Long-Term (Aggregate)	\$7,448,515.08	\$8,385,912.41
Total Long-Term Liabilities	\$7,448,515.08	\$8,385,912.41
TOTAL LIABILITIES	\$34,294,260.19	\$30,980,697.78
EQUITY		
SPC Equity	\$687,000.00	\$687,000.00
Retained Earnings	(\$3,214,171.79)	(\$3,214,171.79)
Net Income	(\$3,214,171.79)	(\$3,020,390.11)
Total Equity	(\$2,527,171.79)	(\$5,547,561.90)
TOTAL LIABILITIES AND EQUITY	\$31,767,088.40	\$25,433,135.88

Note: Aggregate notes payable figures exclude individual Note holder names and balances for privacy purposes. Individual Note holder detail is available to prospective investors upon request under appropriate confidentiality agreement.

Note on Negative Equity: SPM's negative equity reflects its SPV accounting structure. SPF distributions received by SPM are recorded as reductions in the Equity — Stage Point Fund asset account, not as income. This accounting treatment creates a book deficit that does not reflect SPM's economic capacity to service its Note obligations. See Section VII for the supplemental economic analysis and Section VIII for the related risk factors.

Stage Point Master, LLC — Profit & Loss Statement (with Supplemental SPF Distribution)

Income Statement	Jan 1 – Dec 31, 2024	Jan 1 – Dec 31, 2025
INCOME		
Operating Income	\$—	\$—
COST OF GOODS SOLD		
Investment Interest Expense (Note Interest Paid)	\$3,203,025.79	\$3,007,318.11
Total Cost of Goods Sold	\$3,203,025.79	\$3,007,318.11
Gross Profit	(\$3,203,025.79)	(\$3,007,318.11)
OPERATING EXPENSES		
Bank Fees & Service Charges	\$1,146.00	\$1,072.00
Accounting Fees	\$10,000.00	\$12,000.00
Total Operating Expenses	\$11,146.00	\$13,072.00
NET INCOME (GAAP / Accrual)	(\$3,214,171.79)	(\$3,020,390.11)
SUPPLEMENTAL: SPF PROFIT DISTRIBUTIONS TO SPM (1)		
SPF Distributions Received by SPM (derived) (1)	\$3,550,411.46	\$6,281,281.55
Note Interest Paid to Note Holders	(\$3,203,025.79)	(\$3,007,318.11)
Net Coverage Surplus (Distributions Less Interest Paid)	\$347,385.67	\$3,273,963.44
Interest Coverage Ratio (Distributions / Interest Paid)	1.11x	2.09x

(1) SPF distributions to SPM are derived from the change in SPF equity balances adjusted for SPF net income: beginning SPF equity + SPF net income – ending SPF equity. These distributions reduce the Equity — Stage Point Fund asset on SPM's balance sheet and do not appear as income on SPM's GAAP P&L. Derived figures: 2024: \$35,314,187.18 + \$2,799,029.80 – \$34,562,805.52 = \$3,550,411.46. 2025: \$34,562,805.52 + \$4,526,362.20 – \$32,807,886.17 = \$6,281,281.55.

(2) The coverage ratios above do not take into account SPF's realized capital losses of \$3,423,654.72 in 2025. See Section VII and Section VIII.

EXHIBIT E — STAGE POINT FUND, LLC FINANCIAL STATEMENTS

The following financial statements for Stage Point Fund, LLC cover the years ended December 31, 2023, December 31, 2024, and December 31, 2025. These statements were prepared on an accrual basis. Audited financial statements for SPF for years 2014 through 2023 are available to prospective investors upon request. The 2024 and 2025 statements are unaudited management accounts.

Stage Point Fund, LLC — Balance Sheet

Balance Sheet	Dec. 31, 2023	Dec. 31, 2024	Dec. 31, 2025
ASSETS

Net Income	—	—	\$4,526,362.20
TOTAL EQUITY	\$35,314,187.18	\$34,562,805.52	\$32,807,886.17
TOTAL LIABILITIES AND EQUITY	\$67,472,996.17	\$56,187,280.54	\$49,804,890.77
Debt-to-Assets Ratio	47.7%	38.5%	34.1%

Note: Interest Income Receivable represents accrued but uncollected interest on outstanding mortgage loans. The significant balance reflects SPF's accrual-basis accounting, under which all contractual interest is recognized as earned even on loans currently in workout or default status. The Loan Loss Reserve (included in Other Current Assets) provides a partial offset. Prospective investors should review the Risk Factors section regarding loan delinquency and default risks and regarding the collectability of this receivable.

Stage Point Fund, LLC — Profit & Loss Statement

Income Statement	Jan–Dec 2023	Jan–Dec 2024	Jan–Dec 2025

Unrealized Gain on Investment	\$57,299.91	\$—	\$—
TOTAL OTHER INCOME / (EXPENSE)	\$821.76	(\$629,410.89)	(\$3,423,654.72)
NET INCOME	\$4,522,219.16	\$2,799,029.80	\$4,526,362.20

Note on 2025 COGS: The negative Total COGS figure in 2025 reflects a large Loan Loss Recovery of \$3,333,783.97, representing the reversal of previously established loan loss reserves. This reversal significantly increased 2025 gross profit and net income, and accounts for approximately 73.6% of 2025 net income. The recovery was driven by resolution of defaulted loans at values higher than originally reserved. This recovery may not recur in future periods and should not be extrapolated as a permanent improvement in loan performance. See Section VIII.

Note on 2025 Other Income: The (\$3,272,385.00) long-term capital loss and (\$151,269.72) short-term capital loss in 2025 reflect realized losses on the disposition of certain REO properties and/or defaulted loan positions at below-carrying-value prices. These dispositions are a normal part of SPF's workout process, but they reduce SPF's net asset base and therefore the collateral value securing the Notes. See Section VIII.

Stage Point Fund, LLC — Key Financial Ratios

Metric	2023	2024	2025
Total Revenue	\$9,349,595	\$8,865,874	\$7,177,002
Net Income	\$4,522,219	\$2,799,030	\$4,526,362
Total Assets	\$67,472,996	\$56,187,281	\$49,804,891
Total Equity	\$35,314,187	\$34,562,806	\$32,807,886
Total Liabilities	\$32,158,809	\$21,624,475	\$16,997,005
Debt-to-Assets Ratio	47.7%	38.5%	34.1%
REO Properties (Carrying Value)	\$3,787,634	\$2,318,561	\$5,982,534
REO as % of Total Assets	5.6%	4.1%	12.0%
Loan Loss Reserve	(\$2,684,672)	(\$4,155,958)	(\$822,174)
Management Fee Paid to SPC	\$374,716	\$1,116,253	\$537,912
SPF Distributions to SPM (derived)	\$—	\$3,550,411	\$6,281,282
Realized Gross Yield (Total Income / Avg. Total Assets)	~13.9%	~14.3%	~13.5%

All figures derived from SPF accrual-basis financial statements. Realized gross yield is calculated as total income divided by the average of beginning and ending total assets for the year. Past performance is not indicative of future results.
